Join Friends of Snowsports in 2015

Friends of Snowsports are a sociable group who enjoy getting together. We always welcome new families.
We encourage girls from Prep to Year 12 of all skiing and snowboarding abilities to participate.

Our year begins with a Registration and Information Night when all girls must register their interest in joining the 2014 Team.
Dryland Fitness Training begins in Term 2 to prepare the girls for the Interschools Competition. Mt Buller weekend in August is a fun family weekend with training available.
The main event of the year for the Snowsports Team is the Victorian Interschools held at Mt Buller in August.
Girls have the opportunity to compete in different disciplines including Alpine skiing, Cross Country, Snowboarding, Boardercross, Skiercross and Moguls.
Please see our Calendar of Events.
